Profile

- Postdoctoral fellow specializing in the design and analysis of ontologies, focusing on knowledge representation and automated reasoning.
- Excellent communication, teamwork, writing, and management skills developed through previous academic and industry positions.
- Canadian citizen fluent in English with working proficiency in French.

Education

Ph.D. in Industrial Engineering, University of Toronto, June 2019.

M.A.Sc. in Industrial Engineering, University of Toronto, November 2013.

B.A.Sc. (with honours) in Industrial Engineering, University of Toronto, June 2011.

Experience

POSTDOCTORAL FELLOW

University of Toronto (UofT) & Royal Bank of Canada (RBC)

*Toronto, ON
March 2019 – present*

- Supervised by Professor Michael Grüninger of the Semantic Technologies Lab at UofT.
- Currently collaborating with RBC's Data & Analytics team (DNA) to analyze financial ontologies for business intelligence projects and to build an in-house ontology with the bank's subject matter experts and data modellers, along with converting bank data sets into a knowledge graph-readable format.

GRADUATE RESEARCH ASSISTANT

University of Toronto

*Toronto, ON
September 2011 – March 2019*

- Helped specify the metadata and formalize logical methods to relate ontologies to one another within the COmmon Logic Ontology REpository (COLORE) project and assist with *local* International Association for Ontology & Its Application (IAOA) events.

TEACHING ASSISTANT

University of Toronto

*Toronto, ON
September 2011 – April 2018*

- In addition to proctoring faculty-wide examinations, I was also the head TA for the Introduction to Mechanical & Industrial Engineering (MIE191), Design & Analysis of Information Systems (MIE350), Knowledge Modelling & Management (MIE457), and Enterprise Modelling (MIE1505) courses.

Professional Development

UofT Prospective Professors in Training (PPIT) Program Certificate, 2018.

UofT Teaching Fundamentals (TF) Certificate, 2012.

Professional Activities & Associations

EDM Council, 2019–present.

International Association for Ontology & Its Applications (IAOA), 2011–present.

ONTOLOG Forum, 2011–present.

Ontario Society of Professional Engineers (OSPE), 2011–present.

Institute of Electrical and Electronics Engineers (IEEE), 2011–present.

Institute of Industrial Engineers (IIE), 2011–present.

Awards and Honours

Distinguished Paper Award at FOIS 2018 for [C1], September 2018.

Nominated for Best Student Paper award at KEOD 2014 for [C4], October 2014.

Mechanical And Industrial Engineering Admission Scholarship (\$1,000), 2007.

Faculty Of Applied Science And Engineering Admission Scholarship (\$1,000), 2007.

Technical Skills

Programming & Markup Languages

CSS, HTML, Java, JavaScript, PHP, Python, SQL, T_EX, Visual Basic, XHTML, and XML.

Knowledge Modelling & Representation Languages

Business Process Model and Notation (BPMN), Common Logic (CL), Description Logic (DL), First-Order Logic (FOL), Integration DEfinition (IDEF), Web Ontology Language (OWL), Petri Nets, Prolog, Resource Description Framework/Schema (RDF/S; Knowledge Graph), SPARQL Protocol and RDF Query Language (SPARQL), Semantic Web Rule Language (SWRL), Thousands of Problems for Theorem Provers (TPTP), and Unified Modeling Language (UML).

Theorem Provers, Reasoners, & Model Builders

Paradox, Protégé, Prover9-Mace4, SWI-Prolog, and Vampire.

Computer Applications

Adobe Creative Suite (Illustrator, Photoshop), Eclipse, Intalio BPMS, L^AT_EX, MATLAB, Microsoft Office (Access, Excel, PowerPoint, Project, Visio, & Word), Microsoft SQL Server, Minitab, and Simul8.
